Re: Liberian Registry Approval

Dear Ms. Supaporn Horhum:

We are pleased to inform you that your Basic Training course has been reviewed and accepted for approval by the Liberian Registry as per International Convention on Standards of Training, Certification, and Watchkeeping for Seafarers, 1978, as amended.

The status of approval will remain in force for up five years in which time a demonstration course may be attended by a registry representative, if requested. The certificate is valid for five years from the date of issuance. The registry requires that your annual quality audit results be forwarded to our offices for review and filing.

The approval process shall be completed on a cost recovery basis where the training center seeking approval shall meet the administrative cost including travel and per diem of the registry official conducting any requested on site visit.

Upon expiration of the five year period the training center will bear the cost of the five year renewal approval.

This letter should be displayed as your course approval.

It was a pleasure working with you and your staff during the approval process. We sincerely appreciate your contribution to promoting maritime safety and security.

Sincerely,

For
Deputy Commissioner of Maritime Affairs
Republic of Liberia
